## Republican Territorial Convention. HEADQUARTERS REPUBLICAN CENTRAL COMMITTEE OF NEW MEXICO. Santa Fe, September 9, 1898

COMMITTEE OF NEW MEXICO.

SARIA FC, September 9, 1888. )

A convention of the Republican party of the territory of New Mexico is hereby called to meet in the city of Albuquerque at 10 o'clock in the forenoon on Saturday, October 1, 1885, for the purpose of placing in nomination for the suffrages of the voters of New Mexico one candidate for delegate from New Mexico to the 18th congress.

The several counties will be entitled to representation in this convention as follows:
Bernalillo 27 delegates, Chaves 1, Colfax 7, Dona Ana 10, Eddy 1, Grant 5, Gandalupe 5, Lincoln 5, Mora 11, Rio Arriba, 15, San Juan 1, San Miguel 23, Santa Fe 18, Sierra 2, Socorro 12, Taos 10, Union 4, Valencia 16; total number of delegates 171.

Proxies will not be allowed unless held and voted by citizens and residents of the same county from which the delegate giving the proxy is sent. Alternates will not be recogdized.

County central committees will call regular

dized.

County central committees will call regular county conventions for the nomination and election of delegates to this convention at such time and place in the several counties as in their judgment seems best, provided that all such conventions must be held at least three days prior to the date of the meeting of the territorial convention.

Where there are no regularly constituted county committees, the members of this committee are charged with the duty of calling and holding of the proper county conventions.

tions.

Chairmen and secretaries of county conventions are requested to forward to the secretary of this committee at once upon the holding of the conventions in their respective counties, a full list of delegates elected and also copies of resolutions passed by such bodies.

Respectively.

By order of the Republican Territorial Central Committee. Max. Frost, Secretary.

Those Filipinos are evidently an up-to-date set of fellows after all. The fact that there have been strikes at Manila among the workingmen would indicate that America does not contain all the walking delegates in the world, and walking delegates are comparativearmy, only they are not noted for their

If, as the Las Vegas Optic claims, the acts in the management of the affairs of the county, that paper is wasting lots of valuable space in attempting to defend innocent officials by abusing the editor of the NEW MEXICAN. What would be more to the point and more satisfactory to the taxpayers of San Miguel would be a denial of the records in the county was one of the causes of the recent warclerk's office and proof in substantiation of the denial shown.

The English claim that in the taking of Khartoum, the defeat of the Dervish es and the destruction of the power of of the Madhi in the upper Nile country, the death of General Gordon has been avenged. That may all be, but it does not bring that gallant officer to life nor does it wipe out the disgrace to Great Britain his murder brought. Had the expedition up the Nile, which hast just closed so successfully, been undertaken 14 years ago, General Gordon's death would not have required avenging.

Judging from the intelligence which comes from the Philippines, General Aguinaldo and General Pilar, the insurgent leaders, are unaware that they are fooling with a "buzz saw." Admiral Dewey and General Merritt will put up with a certain amount of nonsense and then the cable from Manila to Hongkong will be cut again. When communication is re-established with the outside world it will be learned that a couple of would-be great men have been thoroughly spanked and quieted.

The members of the Cuban Revolution party in New York appear to have considerable sense, despite all the mean things which have been said against them. The organization of a political party by them, which will follow the MEXICAN is of the opinion that these desires of the United States in matters conditions will prevail regardless of the pertaining to the island of Cuba, will go kind of nonsense republished above. a long way toward securing self govern- and that this is Republican year in New ment at an early day. The sooner that Mexico. the Cubans realize that this country will stand no foolishness in the government of their country the sooner will all ditferences concerning the future of the island be settled.

The county of Santa Fe, under Republican county officials since January 1, 1897, has paid every expense incurred in the running of county machinery in full. The county commissioners have adhered strictly to the law in the financial conduct of county affairs and the collector has turned over all funds collected to a treasurer who has disbursed them as the county commissioners directed. This is a most refreshing state of affairs when compared with the condition of San Miguel and other counties county will do mighty well by themselves by voting at the coming election
the Republican ticket which will be
composed of first class, competent and
respectable citizens.

## Facts in the Oliver Lee Case.

Allan Kelly, of Los Angeles, formerly of the Las Cruces-Independent Democrat, writes the latter paper a letter practically upholding Oliver Lee and Gilliland, and says that there is a systematic effort to do up these two great

and good men. Anent this, the El Paso Times has the following to say: "To the outside world it appears that Lee himself has, by "systematic effort," created for himself the "reputation of an outlaw." The facts, as we understand them in El Paso, and as they are understood elsewhere outside of Las ruces, are these: Judge Fountain and his son were murdered by unknown parties; Oliver Lee and others were charged with the crime and were inindicted by the grand jury; Oliver Lee refused to go into court to answer to the charge; he resisted the officers with force and killed a deputy sheriff who ordered him to surrender.

"These we say, are the facts as they appear to the outside public, and the only excuse that Lee has offered for his onduct is that the officers who were deputized to arrest him are not church deacons, but are his enemies and "have it in" for him.
